ROOFING CORP OF AMERICA ACQUIRES FRONT RANGE ROOFING SYSTEMS

Greeley, CO based roofing contractor is the first sizable mountain west investment for RCA, America's fastest growing commercial roofing services company

May 8, 2023, Atlanta, GA – Roofing Corp of America is pleased to report the addition of Front Range Roofing Systems, LLC to its growing portfolio. This investment is RCA's first in Colorado and reflects a commitment to scaling its business throughout the mountain west, an exciting and growing region of the country that frequently experiences extreme weather events that drive reroofing demand.

Front Range Roofing Systems (FRRS) was founded in Greeley, Colorado in 1987, where it continues to be headquartered today, and over the last 35+ years has built a reputation as the leader in commercial and industrial roofing along the Front Range in Colorado and Southern Wyoming markets. The company lives by its core values; Excellence, Passion, Integrity, and Gratitude, which explains why they have deep and long-standing customer relationships, some of which can be traced back to the company's founding.

The company is expert in all aspects of the commercial roofing industry from roof maintenance, repair, tenant finishes, reroofing, roof restoration, and new construction roofing. Aside from being experienced installing and repairing all kinds of low-slope roofing systems, the company has a comprehensive in-house sheet metal fabrication and installation capability.

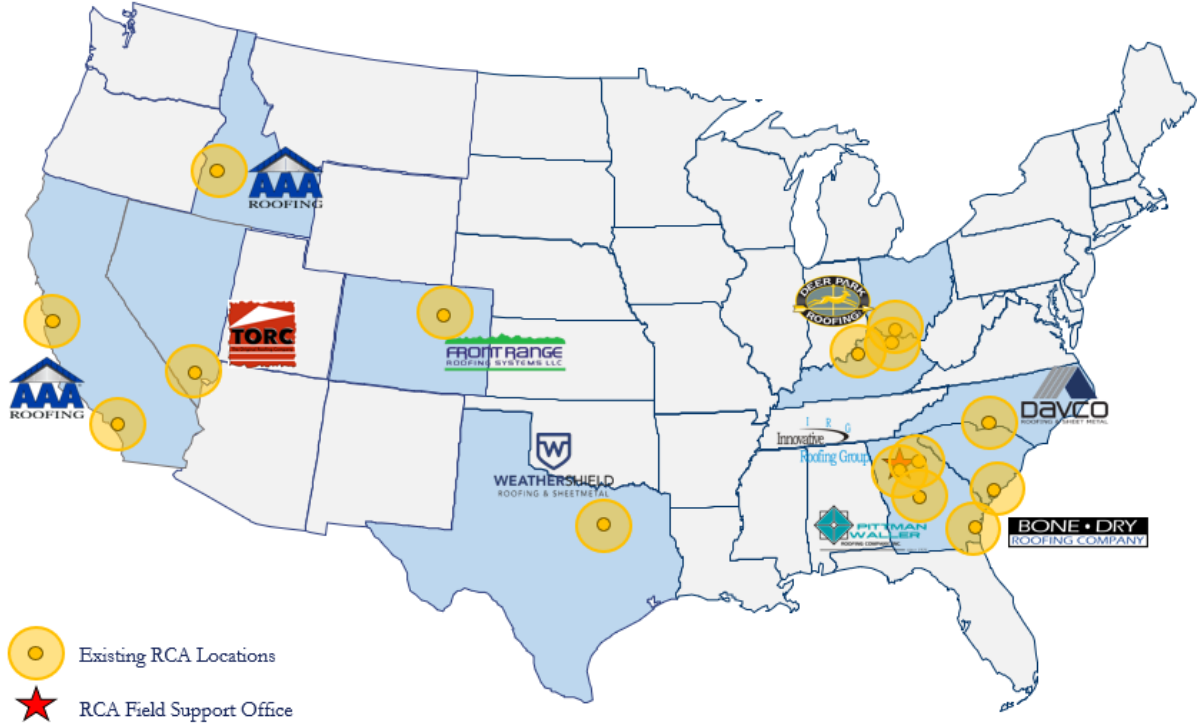

The talented and experienced FRRS ownership group will remain at the helm of the business as a stand-alone entity within Roofing Corp of America. This includes Michael Trotter, Kent Nelson, Ryan Lauer, Nick Coufal, and Charles Trotter. Michael Trotter had this to say about the transaction; *“We are very excited to be joining the growing Roofing Corp of America family. From our first meeting with RCA, we felt that they understood and valued what we have built, and the ability to partner with them and continue to grow our brand alongside was exciting”*. Nick Coufal added, *“Throughout this process, our team members and their future were always top of mind. We believe the partnership with Roofing Corp will be great for our dedicated team members, providing them professional security and growth opportunities.”*

Randy Korach, CEO of Roofing Corp of America offered; *“We are excited to welcome Front Range Roofing Systems to RCA. The company has a well-earned reputation as leading commercial roofing contractors in the mountain west. It is also one of the largest. We are grateful for the trust and confidence afforded to us by Michael, Kent, Ryan, Nick, and Charles. We will work relentlessly to prove it was not misplaced. The Front Range Roofing Systems acquisition is evidence that at Roofing Corp of America we continue to realize our vision as the Home for America’s Premier Roofing Contractors.”*

ABOUT ROOFING CORP OF AMERICA
