## **ROOFING CORP OF AMERICA ACQUIRES HAMILTON ROOFING**

*RCA's Florida market entry is in partnership with the Space Coast's leading commercial roofer*

**May 3, 2024, Atlanta, GA** – Roofing Corp of America (RCA) is excited to announce the acquisition of Hamilton Roofing of Malabar, FL. While RCA's portfolio of businesses have long performed work for clients in Florida, this transaction represents RCA's first investment in a brick-and-mortar asset in Florida. Hamilton claims a repeat public and private client list that includes federal government and military installations, local county municipalities, and numerous private clients, making it the undeniable commercial roofing leader in the "Space Coast" market.

Hamilton Roofing will operate as a stand-alone entity within Roofing Corp of America and will continue to be led by its President, Tony Hamilton. Tony is a second-generation roofer, who moved to the east coast of Florida from Detroit, MI to open the branch forty-one years ago, in 1983. Tony had this to say about joining the Roofing Corp of America family; *"We are very excited for the future as a part of this dynamic and growing organization. We believe our valued customers and team members will quickly see the benefits of our partnership with Roofing Corp of America."*

Randy Korach, CEO of Roofing Corp of America offered; *"We've waited a long time to plant a flag in Florida, one of the nation's largest roofing markets. We wanted to be certain our market entry was with the right partner. First, there is Tony Hamilton, a savvy and experienced leader. Second, the company has built a market leading reputation with its customers for safety, professionalism, responsiveness, and*

*quality workmanship. The Hamilton Roofing acquisition is evidence that we are continuing to realize our vision as the Home for America's Premier Roofing Contractors."*
